USDA Designates Kansas Counties as Primary Natural Disaster Areas for Drought; Contiguous Nebraska Counties Included in Designation

News Release | Nebraska | March 27, 2024

[View PDF](#)

(LINCOLN, Nebraska, 3/27/2024) This Secretarial natural disaster designation allows the United States Department of Agriculture (USDA) Farm Service Agency (FSA) to extend much-needed emergency credit to producers recovering from natural disasters through emergency loans.

[Emergency loans](#) can be used to meet various recovery needs including the replacement of essential items such as equipment or livestock, reorganization of a farming operation, or to refinance certain debts. FSA will review the loans based on the extent of losses, security available, and repayment ability.

According to the U.S. Drought Monitor, these counties suffered from a drought intensity value during the growing season of 1) D2 Drought-Severe for eight or more consecutive weeks or 2) D3 Drought-Extreme or D4 Drought-Exceptional.

Impacted Area: Kansas

Triggering Disaster: Drought beginning 11/15/2023

Application Deadline: 11/25/2024
